

All Dance Studios Are NOT The Same

Here is a helpful checklist to use when comparing different studios

	Expressions School of Dance & Music	Other Dance Schools
Smaller Class Sizes: Students are able to receive more attention and have more fun. Class sizes are limited to 10-15 students per class.		
Facilities: All three of our spacious dance rooms are equipped with full length mirrors and professional grade "Marley" dance flooring.		
Professional Teaching Staff: All of our instructors have many years of performing and teaching experience that they are excited to share with your child. Some staff affiliations include The Joffrey Ballet, The Oakland Raiderettes, and The Miss America Organization.		
Front Desk Assistance: Our school provides parents with front desk assistance during all class times so you can get help when you need it.		
Spacious Lobby Where Parents Can Watch The Fun: Our spacious lobby includes plenty of space for parents to enjoy their child's class. Each of the dance rooms is equipped with a one-way viewing window or a video monitoring system.		
Hassle Free Recitals: We handle all measuring, ordering, and altering of costumes to make it easy for parents. Our recital rehearsals are also very well organized so we can keep rehearsal time at the theater to a minimum- especially for younger students.		
Multiple Performance Opportunities: All students are invited to perform in our mid-year and year-end recitals, but we also offer Performance Dance Troupes who have the opportunity to perform monthly at community functions during the year. We also offer Competition Dance Teams for students wishing to compete in dance and train year-round.		
Save Time & Money: Families with multiple children enrolled in classes or music lessons can save money with our family discount. Parents can also save time by scheduling multiple children at the same time or with back-to-back dance and music lessons for one child.
